

# **APEX PIPING SYSTEMS, INC.**

---

**A Specialty Products Company**

---

## **Quality Policy**

It shall be the policy of APEX Piping Systems, Inc. to supply products that meet the quality requirements of its customers.

APEX Piping Systems, Inc. shall assure the Quality requirements of its products by adherence to the procedures and systems documented in the Quality Management System.

Contractual agreements between the customer and APEX Piping Systems, Inc. which specify requirements in addition to, or are more restrictive than those specified by the Quality Management System shall be applied provided such agreements do not negate the requirements of the Quality Management System.

Management of APEX Piping Systems, Inc. shall assure that this policy and requirements of the Quality Management System are properly administered and compiled through the responsible authority as documented in the Quality Management System.

The Quality Management System is designed to meet the requirements of the Pressure Equipment Directive and ISO 9001:2000.

APEX Piping Systems, Inc. Senior Management will review the APEX Piping Systems, Inc. quality management system at planned intervals to ensure its continuing suitability, adequacy, and effectiveness. This will include all review input as well as review output, along with ways to continually improve our process by setting objectives and targets regarding our quality system.

APEX Piping Systems, Inc. Management will ensure that appropriate communication processes are established with our organization regarding the effectiveness of the quality management system.

When focusing on customer satisfaction, APEX Piping Systems, Inc. is synonymous with world class performance; providing quality products for our customers. We are committed to meet and exceed our customer's expectations.
